

education month

for all members of the adoption & permanency galaxy

WHAT IS EDUCATION MONTH?

IT'S ALL ABOUT RELATIONSHIPS

Connection. Community. Support. All of these things play an integral role in strengthening a journey and deepening relationships. When we lend an ear, give a voice, support the strides, cushion the falls, answer the questions, encourage the conversations, we learn and lift each other up. Within the permanency galaxy what does that look like and how can we help it grow? Join us during Adoption Awareness month as we explore this question and much more. View the event calendar below.

At our second annual Education month, we will be hosting an amazing array of online events, promoting education, conversation, connection and relationships throughout November. From Q&A's and meet-ups to panel discussions and workshops, all focusing on relevant topics, this event is a great opportunity for for all members of the adoption and permanency galaxy, and the professionals who work with them to learn and prepare as they begin their journey. Learn more about Education Month [here](#).

MONTH AT A GLANCE
