- As part of Welcome back, Update Resource flip chart

Page 4-19

- end of step 1, trainer can mention windows of opportunities (taught in PRIDE) to encourage and enhance attachment between parent and child: can use acronym “PIE” to explain it (“P” – physical injury/hurt; “I” is illness and “E” is emotional upset)

Page 4-22

- just before Step 2, reaffirm the importance of a support group as it normalizes what you are feeling and they can offer support as we use attachment-based discipline

**At end of session:**

- Ask participants to fill out Daily Evaluation; note the Evaluations are located in a separate Tab at the front of their Binders
- Ensure attendance information is complete and accurate
- Email participants the Additional resources for the session
- Complete the Pathways Fidelity log
