

Announcement from Adoption Council of Ontario and Never Too Late (NTL)

The Never Too Late (NTL) program of the Adoption Council of Ontario (ACO) has, for the past five years been advocating and facilitating permanency for young people who have aged out of the care of CAS. NTL has evolved into a vital program and a vibrant community. The ACO has been proud to help build the NTL program into the important program it is today, and we are excited to announce that as of April 1st, 2023, NTL will operate as a stand-alone registered not-for-profit organization. Their new website, as of April 1st will be, nevertoolatentl.ca. NTL is looking forward to all the exciting future collaboration possibilities with ACO and will never forget the crucial role they have played in their evolution.
